SUMMARY

An Exhibition and Experience Designer with a background from the Faculty of Fine and Applied Arts, Chulalongkorn University, graduating with First-Class Honours (GPA 3.75). Passionate about creating meaningful design experiences that connect concepts with user engagement, while bringing strong capabilities in developing event and exhibition projects. With a designer's perspective and hands-on project experience, well prepared to transition into a Project Management role. Experienced in managing project deliverables, timelines, revisions, production requirements, and coordinating with internal teams and production vendors. Combines creativity with project coordination, problem-solving, and effective communication to drive projects from initial concept through successful final delivery.
